Florence, MT. 59833

RE: CTEP Funds – Florence Project

Dear Mr. McGee;

The County has received the CTEP Project Agreement for the School Sidewalk project at Florence School. The County Attorney has reviewed this agreement and the Commissioners are ready to sign the Project Agreement with the Department of Transportation after we have a commitment from you that the matching funds are available. Once the Project Agreement is signed, the County will move forward on the Preliminary Engineering which will result in monies being spent from our CTEP and Match Funds.

Here is the breakdown for this project phase (as projected in the CTEP Project agreement) presented by the Department of Transportation.

- **Preliminary Engineering (86.58%) (including environmental documentation: \$11,406**
- **Right-of-Way/Easement Acquisition (86.58%):
0**
- **Incidental Construction (64.93%) (utility relocation involvement):
\$11,406**
- **Construction Engineering (86.58%) (including contract administration and inspection: \$5,703**
- **Construction (86.58%):
\$308,939**
- **Total:
\$337,454**

CTEP funding totals \$292,167, with the local match at \$45,287; which totals the \$337,454. Can you please provide us with a letter of commitment for this match amount of \$45,287, or the match money so we can sign this agreement and move forward with the preliminary engineering? I have visited with Skip about match monies from other CTEP projects, and he indicated a percentage of these monies could be collected from the match as the project moved forward within each stage. If you would like to visit more about that possibility or if you have any other questions or concerns, please contact me at the above number.

Sincerely,

A handwritten signature in black ink, appearing to read "Glenda M. Wiles". The signature is fluid and cursive, with the first name "Glenda" being more prominent.

Glenda M. Wiles

CTEP Administrator
